

***Dear Esteemed Colleagues and Friends:*** Together with the previous document prepared by Charter President Henry A. Azar, I have thought useful and indeed inspiring to organize a complete list of past Meetings and Officers of the History of Pathology Society. The Society was created on March 22, 1996 by a group of 40 charter members from all corners of the world. Congratulations and wishes of future success are thus due to all distinguished Members and Officers on this 20<sup>th</sup> anniversary of our Society! (*Santo V. Nicosia, Secretary-Treasurer*)
