History of Pathology Society Meeting  
Los Angeles Convention Center, LACC 41, Los Angeles, California, USA  
Sunday, March 1, 2020, 3:30-5:00 p.m.  
United States and Canadian Academy of Pathology Annual Meeting

**Technicolor and Technology in Pathology**  
Moderator, Henry Tazelaar, MD, Mayo Clinic, Arizona, USA

This session is devoted to color, art, microscopy and a debate on the origins of the use of frozen sections. Speakers will explore the early use of special stains in pathology and early microscopy. Surrounded by the artistic environment of Los Angeles, participants will also be able to explore color through the eyes of artists who have depicted aspects of medicine. Also discussed will be the origins of the frozen section and pathologists' contributions to its use in everyday practice.
